

SOLUZIONE ALL'INGRESSO

A SPACE FOR EVERYONE

WE BRING **V**ALUE
TO MI **L**AN
ALL **U**NI
TING US
ALL ACTIVELY

1 SPACE

We would like an interactive, **open**, and **continuous** “space”, where we can discuss and exchange ideas, propose innovations, and converse with the city. A space that is also a “place” where different skills can be equipped in the pursuit of **sharing** and **collaboration**.

2 LISTEN

We would like to be listened to about topics regarding the younger generations. We want to be able to **have a say** in prioritized issues for the city as a home, for work, for climate change, for transport, and for overall well-being.

3 VALUE

We aren't just a currency, we have value! In a society focused on consumption and money, we young people neither want to be seen as a cost nor as just a target audience: from “consumed” consumers to **active citizens**.

4 SERVICES

We would like improved services that meet our needs. We want to find solutions for the excessive cost of culture and entertainment and for the lack of **free spaces of public assembly**.

5 SERVICES

We would like an **inclusive**, **accessible**, and shared city, a city that responds to everyone's **needs**, that values diversity and the plurality of voices, because we all have something to say and to give, and if we are united, we become a choir!

THIS MANIFESTO REPRESENTS THE REQUESTS OF THOSE IN THE PROJECT FREED, DIRECTED AT CITIZENS AND INSTITUTIONS, IN ORDER TO RAISE OUR VOICES IN PROPOSING A MODEL OF A CITY MADE TO MEASURE FOR ALL THE PEOPLE WHO LIVE IN IT.
